

WHO WE ARE!

We are a faith based non-profit organization based in the Mobile and Baldwin County area of Alabama. Our overall vision is to bring gardens to cities and communities so that we can share the Truth of the Bible and the Good news of our Lord Jesus Christ

Our mission is to reach communities right where they are by teaching them to plant, cultivate, grow, and harvest physical as well as spiritual food. We want to model after Jesus in that He fed people, loved people, and taught people! The seeds of Agape Life Gardens were planted in the summer of 2017. We became a non-profit organization in February of 2019. Our first community garden is located in Prichard, Alabama. We are also working toward opening a "transition home" helping people coming out of prison and rehabilitation centers to re-enter society successfully.

GARDENING GOD'S WAY

This is our discipleship class that incorporates the teachings of the Bible while learning to grow your own food. This is where people are being fed physically as well as spiritually. As the old saying goes "Give a man a fish and feed him for the day. Teach a man to fish and he will feed himself for life!!!". Empowering People!

SPIRIT OF UNITY YOUTH CAMP

This amazing three day, bi-annual camping event brings together many different churches and ministries in Unity so we can reach our youth together in a powerful way. Our heart is in seeing our youth come to know Jesus, lives transformed, and being able to experience all that life has for them. This camp and our team members are fully focused on building confidence, character, integrity, and hope for the future of our youth. We also sponsor the Optimist Boys & Girls Club youth and a few other ministries so that they can experience this weekend with the Lord.

Ephesians 4:3 endeavoring to keep the unity of the Spirit in the bond of peace

THE TENDER GARDENER

Tender Gardener is a community outreach for those that want to grow their own food but may not have the knowledge, time, money, or be physically able to tend a garden. We want to reach our elderly and low-income families and help them learn to make healthier food choices. We help with planning, planting, tending, harvesting and preserving. God provided all we need to eat and have good health. It's time to get back to our roots. Back to taking care of those in need physically and spiritually. Gen 2:9 And out of the ground made the Lord God to grow every tree that is pleasant to the sight, and good for food
